# A new way of Working

Architect  
Alexander Fehre

Photographer  
Zoey Braun

Client  
Bosch AS

Location  
Schwäbisch Gmünd,  
Germany

In order to develop its automotive innovations, Bosch is empowering people to work where, when and how they choose. This new 'agile' work practice requires new work spaces. Studio Alexander Fehre met these design demands. The result is a striking, flexible and future-proof work environment. A blend of work and play, where the Nook, Arnhem Sofa, LJ Series and Big Tables create eye-catching and functional spaces.
